For TANF Income is the only eligibility requirement for a student under 18 living at home. Household income must be at or below 200%

For WIA must have multiple barriers. Low income is the first barrier. Looks only at **Family Income** not household. If a family is eligible to receive Food Stamps they qualify Using 100% of Poverty is a good guideline but in some cases income can be a little higher. If a student has a disability they can be considered a family of 1 and only his/her income is considered. Foster children are also eligible under the income barrier.

2nd Barrier can be very broad but includes.

- Basic Skills deficient – Tests below a 9th grade level for Math or Reading
- Homeless
- Pregnant or Parenting
- School Dropout
- Runaway
- Offender
- Foster Child – As a 2nd barrier this includes anyone who has ever been in the foster care system.
